Water Heater Manufacturer #:

Model #:

Serial #:

Uniform Energy Factor:

Approx. sq. footage of home:

Tipmont will verify the purchase, installation, and energy efficiency rating of the equipment. Installation or inspection of a load management switch is required to qualify. I also understand that if I remove or request the switch be removed, I will be billed the amount of the rebated to be paid within thirty (30) days after the switch is removed. Rebate form must be submitted along with proof of purchase within 60 days of the installation date. After all requirements are met, Tipmont REMC will provide the rebate as a one-time credit on your electric account.
